Pricing current as of October 2024

User Choice Funded – Queensland Government (Traineeships)

Traineeships are funded by the Queensland Government under the User Choice Policy 2021-2025. User Choice provides a public funding contribution towards the cost of training and assessment services for eligible Queensland Apprentices and Trainees. Student contribution fees are set under this policy at \$1.60 per nominal hour. These fees will be reviewed annually by the Queensland Government and may be altered at various times throughout your training at their discretion. In circumstances where a student undertakes more than one apprenticeship or traineeship at the same time, the student will only receive funding for the government contribution fee for the qualification nominated in the first Training Contract registered.

Please Note: Apprentices and Trainees, including SATs (School-Based apprenticeships-traineeships), can only receive a maximum of two government funding contributions under the current User Choice Policy.
Students will be notified in writing if any changes to the student contribution fees are made.

Non-Funded Full Fee

Students enrolling into the Fee for Service will be invoiced in increments as they progress through their training (This is detailed within in the participant handbook) The \$600 Enrolment and Resource Fee will be invoiced at time of enrolment.

Once payment has been received AADA will organise practical components of the course to be assessed in the workplace. AADA College requires all Students to complete vocational placement (non-paid work experience – students are required to contact Industry as well to endeavour to find a placement, but if required, AADA College may assist) or paid work within a Health or Aged Care Facility to allow for practical skills demonstration. Within these hours a compulsory minimum of 80 hours must be logged specifically for HLTAIN001 – Assist with nursing care in an acute care environment, as well as AADA College being permitted to visit you in the workplace to conduct practical assessments.

RPL – Formalise your Skills Program – it is recommended to be eligible for RPL that you are working within the industry currently. Please speak with an AADA staff member to confirm eligibility.
