## **2. Enrolment**

---

During the enrolment process, participants will undergo an induction which will take them through the information in this Participant Handbook.

Among other things the following information will be detailed throughout this process:

- Fees and charges
- Refunds
- Complaints and Appeals
- Attendance and participation in training
- Requirements for training and assessment

Participants will be requested to sign the acknowledgement at the end of the induction to confirm they have read and understood the Participant Handbook. If at any time the handbook has been misplaced, they can access an electronic copy on our website.

The enrolment process is a very simple and non-invasive. Participants will be required to complete:

- An enrolment form
- A language, literacy, and numeracy assessment to identify any learning needs or potential barriers to learning. The assessment is conducted to identify any gaps in reading, writing, comprehension and mathematical abilities. This information will assist AADA College to adjust the way in which we train or identify strategies to provide support through the training in which the participant is enrolled.
- Identification Documents
- Prior training evidence

The enrolment with AADA College does not include the traineeship contract documents that are required to be lodged with the Department of Trade, Employment and Training. This process will be conducted with the trainee, their employer, and an Australian Apprentices Support Service provider (AASS).

---

### **Unique Student Identifier**

---

All participants studying nationally recognised training in Australia from 1<sup>st</sup> January 2015, will be required to have a Unique Student Identifier (USI). The USI links to an account that contains the participants training records and results (transcripts) that they have completed from 1<sup>st</sup> January 2015 onwards.

The USI will give you access to an online record of your nationally recognised training in the form of a USI Transcript. This can be used when applying for job, seeking a credit transfer, or demonstrating pre-requisites when undertaking further training.

AADA College is unable to issue a qualification or statement of attainment for participants who do not provide their USI.

If participants do not already have a USI, they will need to register for one, on the USI website (free of charge) <https://www.usi.gov.au>

---

## Trainee Documentation for Enrolment

---

Participants undertaking training through a Traineeship, will be required to have completed a Training contract process with their employer and an Australian Apprenticeship Support Service provider (AASS). This will determine the participants eligibility for funding under the User Choice Program.

### **Training Plan**

All Trainees will negotiate a training plan with an AADA College representative and their employer. All parties involved in the training plan discuss the qualification and what units of competency are contained within this document. During this process AADA College will explain the “core” units of competency (UoCs) which must be undertaken by the trainee however the “elective” UoC’s may be selected based on the individual’s role and tasks undertaken on-site, providing they meet packaging rules of the intended qualification. AADA College has training and assessment strategies which have specified elective units of competency. However, if the trainee and or employer requests a different unit of competency be delivered, AADA College will accommodate this where possible. This is only possible if the training and assessment resources have been developed for the requested UoC.

The training plan will be completed in conjunction with the Employer Resource Assessment (ERA), which will determine if all UoC’s can be delivered within the workplace. Where this is not possible, details of simulation or activities to ensure competence will be listed in the ERA.

When the units of competency have been decided upon, proposed training dates will be given, and all parties sign and date the training plan. If at any point during the traineeship there is a change to this plan (dates, electives units, etc) the training plan will be amended and resigned, dated, and sent to each relevant party. All parties to the training plan will receive a copy of the signed training plan within 14days of signing.

The training plan and ERA will be reviewed at intervals of no less than 3 months by an AADA College representative.

### 4. Fees

---

---

## User Choice Program - Traineeships

---

The Department of Trade, Employment and Training sets the contribution fee which may be changed annually. At present, this is equal to \$1.60 per nominal hour for each unit of competency in which the participant is enrolled.

Concession fees of \$0.64 per nominal hour are applicable to participants:

- under the age of 17 at the end of February in the year training is provided
- holds a health Care Card or Pensioner Concession Card issued under Commonwealth law (or is the partner or a dependant of a person holding such card) (trainees name just be listed)
- Aboriginal or Torres Strait Islander person

Information on course fees is detailed in the applicable course Program Structure and Pricing provided to the learner at the time of enrolment or can be accessed on our website <https://aada.edu.au/course-information>.

If an increase in the contribution fees occurs, trainees that will be impacted by the increase in the contribution fees will be advised prior to the implementation.

Trainees are required to pay a contribution towards the cost of their training. This will be invoiced at the completion of the unit of competency. Invoices will be required to be paid within 14 days by the methods outlined on the invoice.

Where the employer agrees to pay the contribution fee on behalf of the trainee, an agreement will be signed by the employer.

This agreement will list:

- The fee amount the employer has committed to pay
- When and how the employer contribution fee will be collected

### **School-based Trainees**

A full fee exemption applies to participants enrolling under a school-based traineeship.

If the trainee does not complete the qualification prior to leaving school, the trainee is obligated to commence paying student contribution fees for any units not yet deemed competent as of the date the training contract is changed to part-time or full-time. This then reverts to the non-concession and concession pricing.

### **Employer fees**

AADA College reserves the right to charge the Employer an additional fee when the cost of training is not covered by the fees and subsidies. If any additional fees will be applicable for the Employer, these will be disclosed prior to the enrolment being processed.

---

## Certificate 3 Guarantee Program

---

When a participant requests to be funded under the Queensland Government's Certificate 3 Guarantee Program, all fees must be paid prior to commencement of any training.

The fee may be paid on behalf of the student by a third party unrelated to the RTO but cannot be paid or waived by the RTO (whether directly or indirectly), unless approved in writing by the Department of Trade, Employment and Training.

After eligibility checks are completed, an invoice for the full co-contribution fee will be issued. This is \$80 per unit of competency for non-concession participants and \$68 for concessional participants. These fees are inclusive of the \$600 enrolment and resources cost. Enrolments into Certificate 3 Guarantee qualifications will not be processed until the co-contribution fee has been paid.

If credit transfers are applicable, evidence should be submitted with the enrolment form. If sufficient evidence is submitted, no fee will be charged for these units.

See the fee exemption definitions for more information.

When the invoice has been paid, enrolment into the learning platform will be processed.

---

## Non-Funded Full Fee Participants

---

Upon enrolment, a fee of \$600.00 will be charged for a full qualification. Participants will receive an invoice for this fee which must be paid within 14 days of confirmation of their enrolment and prior to the commencement of training. The remaining fees will be charged in two instalments, the first due within 4 weeks of commencing training and the second due within 8 weeks of commencing training. For a full list of current fees and charges please request a copy of Scheduled Fees from AADA College, or view this on our website.

Participants will need to pay a full fee for all short courses and will receive an invoice for this fee which must be paid within 14 days of confirmation of their enrolment and prior to the commencement of training.

Corporate Clients will be charged for short courses after training and assessment occurs. Payment is due 14 days from the date of invoice.

Payments can be made via terms outlined on the invoice.

AADA College does not charge student contribution fees up front for trainees. If there is any circumstance that a trainee has paid fees in advance, the following will apply.

Trainees who cancel their training at any point, and student contribution fees have been charged up front, will receive a refund of the contribution fees paid for all training and assessment not yet undertaken. Where units of competency have been completed and deemed competent, no refund of the contribution fees will apply. Partially completed units of competency will be reviewed individually by the activity log hours for each to see if a partial refund may be applicable.

Any Employer fee charged will be partially or fully refunded, depending on the amount of training and assessment the trainee has been completed and what travel has occurred up to the point of cancellation.

## **7. Changes to Terms and Conditions**

---

AADA College reserves the right to amend the conditions of the participant's enrolment at any time. If amendments are made that effect the participant's enrolment the participant will be informed 7 days prior to changes taking place.

This does not include any agreed changes or amendments to training plans for trainees or charges to contribution fees.

### **Transition from superseded training products:**

Under the Standards for Supervising Registered Training Organisations 2015, SRTO's are required to ensure that all participants are transitioned from superseded training products within specified timelines.

Any transitions will follow the AADA College transition procedure. This involves many components, including re-application for funded programs, and may take up to 12 months to be fully concluded.

All participants affected by a transition will be notified in writing.

### **Changes to agreed service of AADA College:**

AADA College will always endeavour to provide the service outlined in their enrolment to the best of our ability. However, at times, there are situations that are potentially out of our control or that prevent us from offering a training course in accordance with our delivery schedule. Where there are any changes to agreed services, AADA College will advise the participant, in writing as soon as possible.

Should AADA College make any changes that may significantly impact on the delivery of their training, including in relation to any new third-party arrangements or a change in ownership or changes to existing third-party arrangements, we will advise all learners as soon as practicable and with options open to the learners to continue, cancel or transfer their enrolment.

In the unlikely event that AADA College ceases to operate as a Supervising Registered Training Organisation (SRTO), we will advise all participants and their employers where applicable within 7 days of the decision being made. To ensure that all participants can continue their training program, AADA College will support all participants in transitioning to another suitably qualified and funded SRTO.

## **8. Training and Assessment**

---

AADA College guarantees to provide the participant with the training necessary to complete their chosen qualification or short course. However, the participant's participation in the training is vital in making their experience with us a success and we cannot guarantee that they will complete their qualification or gain employment from the course.

If we are unable to provide the participant with training for any reason, we will work with another Supervising Registered Training Organisation (SRTTO) to assist the participant to finalise their course. If this cannot be achieved, we are committed to our refund policy. A Statement of Attainment will also be provided for all successfully completed unit/s of competency to enable the participant to seek credit transfer with another provided.

---

### **Training**

---

#### **Online Training:**

- Online training provides the flexibility for our participants to complete training in their own time. Online training consists of readings, research, and completion of activities to support the development of knowledge prior to undertaking formal assessment.
- Participants are supported by their trainers through ongoing contact via email and telephone at regular intervals.
- Where work placement forms part of the delivery of a qualification, our trainers conduct workplace visits to provide additional tuition and, for example, review the Evidence Portfolio/Training Record book (Trainees only)

#### **Workplace Training:**

- Where training is more applicable to be carried out on site, our trainers will be in contact with an employer and accommodate to this request.

#### **Classroom Training:**

- Our delivery of full qualifications is workplace based. We do not hold classroom delivery unless these are specifically requested to assist students enrolled in the online and workplace blended delivery. Theory sessions can be offered at our training facility in Springwood. These are usually booked coinciding with school holidays. For our next session dates please contact the office on 1300 022 320

---

## Assessment

---

Assessments in the Vocational Education and Training sector consist of collecting evidence of the knowledge and skills development. AADA College uses a combination of methods to confirm competency, this includes a combination of written knowledge assessment and practical observation of skills.

Before any assessment is conducted, our trainers must be certain that the participant has acquired the knowledge and practiced the skills to an adequate level and that they are ready to be assessed.

Where the trainer determines that they are not yet ready to be assessed, the participant may be requested to undertake further training or be provided with one-on-one support to address the gaps in knowledge and skills.

**Written (Formative) Knowledge Assessment:** The participant is required to provide a written response to a range of questions or scenarios relating to acquired knowledge through their training. This will be in the form of short answer response activities and may include other questioning methods including multiple-choice and case studies.

**Practical Tasks and Observations:** Practical Observations may be undertaken in a simulated working environment or in the workplace of the participant. This is dependent on the strategies that AADA has developed for each qualification. In the workplace, the participant will be observed performing specific workplace tasks in their day-to-day work activities or, in consultation with their employer and their assessor, establish a simulated setting in the workplace to complete the task/s. The assessor will attend the workplace and observe the participant performing tasks relevant to the units of competency being assessed.

**Evidence Portfolio/Training Record Book:** The participant is required to record details of their work activity completed as part of their traineeship. Details or tasks are logged by the participant in the workplace while under the direction of a qualified supervisor. While this is not considered formal assessment, it is required to be maintained by all trainees and present to a field officer from the Department of Trade, Employment and Training should they visit the trainee in the workplace. The Evidence Portfolio/Training Record Book is also used as employer verification of the tasks completed in the workplace to the standard that would normally be expected in the workplace.

**Re-assessment:** All participants undertaking training with AADA are provided with two additional opportunities to demonstrate their satisfactory performance in each assessment task (a total of three attempts).

Assessors will ensure that all participants are fully prepared to undertake either theory or practical assessment. This includes following the completion of gap training.

On conclusion of each assessment, participants are provided with feedback, whether assessed as satisfactory or not. If the participant has not completed the task to a satisfactory level, the trainer will discuss the gaps in knowledge and/or skills and additional training is scheduled/conducted as necessary.

**Please note:** Non-Funded Full Fee participants who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay the full fee amount for additional training and re-assessment of the failed unit of competency.

---

## Recognition of Prior Learning (RPL)

---

In accordance with the requirements of the Standards for Supervising Registered Training Organisations 2015, AADA College provides the opportunity for participants to apply to have prior learning recognised toward a qualification in which they are enrolled.

At the time of enrolment, all participants are advised of their rights in relations to seeking recognition of prior learning. It is important if a learner believes that they are eligible for recognition that they make application as soon as possible following the completion of their enrolment.

For more information on pricing and fees associated with the Recognition of Prior Learning please contact us on 1300 022 320 or [admin@aada.edu.au](mailto:admin@aada.edu.au)

---

## Credit Transfer

---

Credit transfer is the recognition of learning achieved through formal education and training. Under the Standards for Supervising Registered Training Organisations 2015, SRTO's are required to recognise the qualifications and Statements of Attainment issued by other SRTO's.

Where the unit of competency completed previously by the participant is the same as the unit of competency they are enrolling into, AADA College will apply a credit transfer for that unit of competency. This can only be done, on receipt of receiving the Statement of Attainment, Statement of Results or USI Transcript reflecting the unit has been deemed competent previously.

Where the unit of competency previously completed has been superseded, AADA College will undertake a mapping exercise to determine the extent to which the original unit of competency aligns to the destination unit of competency prior to awarding credit.

## **9. Learning Support**

---

To maximise opportunity for participants/students to successfully complete their training, AADA College will identify the learning needs during the enrolment process to enable us to devise strategies to support learning throughout the course. This may include specialist literacy and numeracy assistance or simply making an adjustment to the way in which the training is delivered, other opportunities to provide support include:

- One on one coaching and mentoring
- Additional tutorials, and / or
- Other mechanisms, such as assistance in using technology.

Where it is identified that specialist support that cannot be offered by AADA College is required, we will refer the participant to the relevant external source. However, this will be at the participant's own cost.

To support this approach AADA College will:

- Access a learner's language, literacy, and numeracy skills during their enrolment to ensure they have adequate skills to complete the training.
- Support learners during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered.
- Provide clear information to the participant about the details of the language, literacy, and numeracy assistance available.
- Refer participants to external language, literacy and numeracy support services that are beyond the support available within AADA College and where this level of support is assessed as necessary (e.g. SEE and ESL programs) and
- Negotiate an extension of time to complete training programs if necessary. In the case of traineeships, any extensions to the term of the training contract must be negotiated and approved by the Department of Trade, Employment and Training. Participants are encouraged to contact the Australian Apprenticeship Support Services provider (AASS) for assistance.

## **10. Issuing Qualifications and Statements of Attainment**

---

AADA College will issue all AQF certification documentation (Qualifications and Statements of Attainment) to a participant within 30 calendar days of the learner successfully completing all assessment requirements of the training product.

## **11. Learner Rights and Responsibilities**

---

### **Participants are expected to:**
